SECTION 1

The Waste Management Charging Scheme (Northern Ireland) 2026

The Department of Agriculture, Environment and Rural Affairs in exercise of its powers under Articles 15(2) of the Waste and Contaminated Land (Northern Ireland) Order 1997 and Regulation 20B of the Waste Management Licensing Regulations 2003 makes the following scheme.

Interpretation

2. In this Scheme:

"the 1997 Order″ means the Waste and Contaminated Land (Northern Ireland) Order 1997;

“the 1999 Regulations” means the Controlled Waste (Registration of Carriers and Seizure of Vehicles) Regulations (NI) 1999

"the WML Regulations″ means the Waste Management Licensing Regulations (Northern Ireland) 2003;

"application fee″ means the fee payable under Article 15 of the 1997 Order in respect of an application for a licence under Article 8 of the 1997 Order;

"authorised treatment facility″ has the meaning given in regulation 1(3) of the WML Regulations

"building or demolition waste″ means waste arising from works of construction (including improvement, repair or alteration) or demolition, including waste arising from work preparatory thereto;

"civic amenity site″ means a site provided for under Article 25(1)(b) of the 1997 Order;

“the Department” means the Department of Agriculture, Environment and Rural Affairs

"end of life vehicle″ has the same meaning as in the End of Life Vehicles Directive 2000/53/EC as amended from time to time;

"financial year″ means the twelve months ending on 31 March;

"hazardous waste″ has the meaning given in regulation 6 of the Hazardous Waste Regulations (Northern Ireland) 2005. Any reference to hazardous waste shall be taken to include special waste imported from Scotland within the meaning of the Special Waste Regulations 1996 (d) as amended by the Special Waste Amendment (Scotland) Regulations 2004 (e)

"holder″ means the person liable to pay any charges due and payable in respect of the subsistence of that licence;

"“waste” is “inert waste” if –

(a) it does not undergo any significant physical, chemical or biological transformations;

(b) it does not dissolve, burn or otherwise physically or chemically react, biodegrade or adversely affect other matter with which it comes into contact in a way likely to give rise to environmental pollution or harm to human health; and

(c) its total leachability and pollutant content and the ecotoxicity of its leachate are insignificant and, in particular, do not endanger the quality of any surface water or groundwater.;

"modification fee″ means the fee payable under Article 15 of the 1997 Order in respect of an application by the licence holder under Article 10 of the 1997 Order to modify a licence;

"relevant application″ means an application in respect of a licence for the modification of the conditions of the licence, an application to surrender the licence or an application for the transfer of the licence;

"subsistence charge″ means the charge payable in respect of the subsistence of a licence;

"surrender fee″ means the fee payable under regulation 15 of the 1997 Order in respect of an application by the licence holder under Article 13 of the 1997 Order to surrender a licence;

"transfer fee″ means the fee payable under Article 15 of the 1997 Order in respect of an application under Article 14 of the 1997 Order for the transfer of a licence; and

Fees for applications in connection with licences

3. (1) The fee payable in respect of an application for a licence or a relevant application in respect of a licence shall be the aggregate of the sums shown in Tables 1 to 6 (so far as applicable), subject to the following provisions of this paragraph.

(2) The fee in respect of an application for a licence or a modification of the conditions of a licence shall be determined by reference to the descriptions of activities, waste and amount of waste specified or referred to in the application; and references in this Scheme to the activities authorised by a licence, the description of waste and the amount of waste shall be construed accordingly.

(3) Where a site licence relates to activities falling within more than one Part of a Table or, as the case may be, to descriptions of waste falling within more than one paragraph of column (1) of a Table, the applicable fee shall, subject to sub-paragraphs (4) to (6), be the highest of the fees deriving from each of those Parts or paragraphs calculated on the basis of the total amount of waste (of whatever description) intended to be subject under the site licence to the activity or activities specified within the Table in question.

(4) Where a site licence authorises both the treatment and the keeping of waste, the fee in respect of both activities shall be the higher of the fees determined in accordance with the Appendix, Table 1 and Table 2.

(5) Where a site licence authorises both the keeping and disposal of waste by burning in an incinerator, the fee in respect of both activities shall be determined in accordance with Part B of Table 3 of the Appendix.

(6) Where a site licence authorises both the keeping and disposal of dead domestic pets, the fee in respect of both activities shall be determined in accordance with Part A, or as the case may be, Part B of Table 3 of the Appendix.

Subsistence charges in connection with licences

4. (1) The subsistence charge shall be payable for any financial year during which a licence is in force and before or during which either of the following events occurs:

(a) the commencement of:

(i) the activities authorised by a licence or

(ii) the works necessary to comply with requirements which are imposed in the licence and which are to be complied with before those activities have begun, whichever is the earlier.

(2) The subsistence charge shall, subject to sub-paragraphs (3) to (10) below, be the aggregate of the sums shown in Tables 1 to 6 of the Appendix (so far as applicable).

(3) Where a site licence relates to activities falling within more than one Part of a Table or, as the case may be, to descriptions of waste falling within more than one paragraph of column (1) of a Table, the subsistence charge shall be the highest of the sums deriving from each of those Parts or paragraphs calculated on the basis of the total amount of waste (of whatever description) intended to be subject under the site licence to the activity or activities specified within the Table in question.

(4) Where a site licence authorises both the treatment and the keeping of waste, the subsistence charge in respect of both activities shall be the higher of the sums deriving from Table 1 and Table 2 of the Appendix

(5) Where a site licence authorises the keeping and disposal of waste by burning in an incinerator, the subsistence charge in respect of both activities shall be determined in accordance with Part B of Table 3 of the Appendix.

(6) Where a site licence authorises both the keeping and disposal of dead domestic pets, the subsistence charge in respect of both activities shall be determined in accordance with Part A or, as the case may be, Part B of Table 3 of the Appendix. No subsistence charge shall be levied in the case of a site licence where no charge is made for the disposal of dead domestic pets and the disposal facility is not run as a business.

(7) Where either of the events referred to in sub-paragraph (1) occurs after the first day of any financial year, the subsistence charge shall be reduced proportionately on a daily basis.

(8) Where more than one site licence is held by the same person and:

(a) a subsistence charge applies for each of those licences under sub-paragraph (1);

(b) the land specified in each of those licenses adjoins the area specified in one or more of the other licenses;

(c) each of those licenses authorises the carrying on of the same activity in relation to the same descriptions of waste; and

(d) none of those licenses falls within Table 4 of the Appendix (licence for disposal of controlled waste where disposal operations have ceased). Only one subsistence charge is payable in respect of those licences, which shall be calculated in accordance with sub-paragraph (9) below.

(9) For the purposes of sub-paragraph (8) above, the subsistence charge payable in respect of those licenses shall be whichever is the lower of:

(a) the equivalent to the subsistence charge which would be payable if all the waste to which those licenses relate had been the subject of a single licence; or

(b) the aggregate of the subsistence charges calculated for each licence separately.

(10) For the purposes of sub-paragraph (8) above, land specified in one of the licences shall be treated as adjoining land specified in another of the licences notwithstanding that the areas of land are separated by a highway.

(11) In calculating the subsistence charge no account shall be taken of the fact that the licence has been suspended or revoked or any modifications or transfer of the licence which takes effect after the first day of the financial year to which the charge relates.

(12) Subject to sub-paragraphs (13) and (14) below, the subsistence charge shall be due:

(a) where either of the events referred to in sub-paragraph (1) occurs on or after 1 April 2026, the date when that event occurs;

(b) in any other case, on 1 April 2026 and thereafter on 1 April in the financial year to which the charge relates.

(13) The Department shall serve notice in writing on the holder of the licence stating:

(a) the date on which the subsistence charge will be due;

(b) the amount of the subsistence charge;

(c) in relation to a site licence, the descriptions of activities, waste and amounts of waste shown in the appropriate Table by reference to which the amount of the charge has been calculated.

(14) Where the notice required by sub-paragraph (13) is served after the date specified in sub-paragraph (12), the subsistence charge shall not be payable until the date of service of the notice.

(15) Where a licence is surrendered during the financial year, there will be no refund of the subsistence charge.

Fees for registration in connection with exempt activities

5. (1) The fee payable in respect of an application for a registration in connection with an exempt activity under Schedule 2 of the WML Regulations, in respect of each place to which an application relates, shall be the aggregate of the sums shown in Table 7, (so far as applicable) subject to the following provisions of this paragraph.

(2) In the case of exempt activities set out in the paragraphs of Schedule 2 to the WML Regulations listed in row 1 of Table 7, the fee in respect each exempt activity shall be payable at the time of application and every three years thereafter.

(3) In the case of exempt activities set out in the paragraphs of Schedule 2 to the WML Regulations listed in row 2 of Table 7, the fee due in respect of each exempt activity shall be payable at the time of application and annually thereafter.

Liability to pay the fees and charges

6. (1) The persons set out below shall be liable to pay the fees and charges payable under this Scheme:

(a) in respect of an application for a licence or a relevant application, the person making that application; or

(b) in respect of the subsistence charge in connection with a licence, the holder of the licence in respect of which the charge is payable.

(2) The Department reserves the right to increase fees and charges to recover costs fully as necessary and in order to fulfill its statutory duties.

(3) The Department operates a debt recovery policy for all outstanding fees and subsistence charges.

SECTION 2

CHARGES PRESCRIBED IN THE WML REGULATIONS AND THE 1999 REGULATIONS IN RESPECT OF WASTE CARRIERS AND WASTE BROKERS

2.1 Interpretation

"broker application" means an application for the registration as a broker of controlled waste made under paragraph 3 of Schedule 4 of the WML Regulations;

"broker renewal application" means an application for the renewal of a registration as a broker of controlled waste made under paragraph 3 of Schedule 4 of the WML Regulations;

"carrier application" means an application for the registration as a carrier of controlled waste made pursuant to the Controlled Waste (Registration of Carriers and Seizure of Vehicles) Regulations (NI) 1999; and

"carrier renewal application" means an application for the renewal of a registration as a carrier of controlled waste made pursuant to the Controlled Waste (Registration of Carriers and Seizure of Vehicles) Regulations (NI) 1999.

Controlled Waste Carrier Applications

2.2 Regulation 4(8) of the 1999 Regulations makes provision for charges in respect of a person as a carrier of controlled waste. A charge is also prescribed for the three yearly renewal of a waste carrier registration. The charges prescribed under that regulation 4(8) in respect of a carrier application and a carrier renewal application are shown by way of information in Table 8 of the Appendix.

2.3 If a registered carrier wishes to apply to the Department to also be registered as a waste broker, the charges prescribed under regulation 4(8) of the 1999 Regulations are as shown in Table 8 of the Appendix.

Controlled Waste Broker Application

2.4 Paragraph 3(10) of schedule 4 of the WML Regulations makes provision for charges in respect of the registration of a person as a broker of controlled waste. A charge is also prescribed for the three-yearly renewal of a waste broker registration. The charges prescribed under paragraph 3(10) of Schedule 4 in respect of a broker application and broker renewal application are shown by way of information in Table 8 of the Appendix.

2.5 If a registered broker wishes to apply to the Department to also be registered as a waste carrier the charge prescribed under paragraph 3(10) of Schedule 4 to the WML Regulations is shown by way of information in Table 8 of the Appendix.

Joint Carrier/Broker Application

2.6 The Department has a combined application form for a carrier and/or broker registration. If a person wishes to apply to become a registered carrier and broker they may do so using the same form. Similarly if the person wishes to renew their carrier and broker registration, they may do so using the same form. The charges for this as prescribed under paragraph 3(10) of the WML Regulations are as shown by way of information in Table 8 of the Appendix.

METHODS OF PAYMENT

- By cheque, made payable to "Department of Agriculture, Environment and Rural Affairs" and endorsed "A/C Payee Only"; or
- By BACS transfer, Sort Code: 95-01-21, Account No: 61253506.

Appendix: Tables of Fees and Charges in Scheme

TABLE 1:

1. In this table –

"Licence" means a site Licence which authorises, or which if granted or modified in accordance with the application will authorise, the treatment of controlled waste; and

"amount of waste" means the maximum annual amount in tonnes of waste which under the Licence:

(a) may be received at the site for treatment; or

(b) may be treated at the site where it was produced,

and "treatment" or "treated" means when the waste is subjected to any process, including making it reusable.

.

2. This table has the following parts:

Part	Activity Authorised by Licence
Part A	The treatment of Waste for the purposes of recycling.
Part B	The treatment of Waste for any other purpose.

TABLE 2: LICENCE FOR THE KEEPING OF CONTROLLED WASTE IN OR ON LAND

In this table –

"Licence" means a Site Licence which authorises, or which if granted or modified in accordance with the application will authorise the keeping of controlled waste.

"amount of waste" means the maximum annual amount in tonnes of waste which under the Licence:

(a) may be received at the site for keeping; or

(b) may be kept at the site where it was produced.

This table has the following parts

Part	Activity Authorised by Licence
Part A	The keeping of Waste for any purpose at the site where it was produced.
Part B	The keeping of Waste for the purpose of recycling at a civic amenity site.
Part C	The keeping of Waste for the purpose of recycling at a site not falling into part A or B of this table.
Part D	The keeping of Waste at a civic amenity site for a purpose other than recycling.
Part E	The keeping of Waste for any purpose other than recycling at a site not falling under part A or B of this table.

TABLE 3: LICENCE FOR THE DISPOSAL OF CONTROLLED WASTE IN OR ON LAND

1. In this table –

   "Licence" means a Site Licence which authorises, or which if granted or modified in accordance with the application will authorise, the disposal of controlled waste; and

   "incinerator" means an incinerator which is an excluded plant for the purposes of Section 5.1 of Schedule 1 to the Pollution Prevention and Control (Industrial Emissions) Regulations (Northern Ireland) 2013.

   "amount of waste" in Part A means the maximum annual amount in tonnes of waste which under the Licence:

   (a) may be received at the site for disposal; or

   (b) may be disposed of at the site where it was produced.

   "amount of waste" in Part B means the maximum annual amount in kilogrammes of waste which under the Licence may be fed into the incinerator per hour.

2. In Part A column (4) (the subsistence charge) does not apply where:

   (a) the Licence has been revoked under Article 15 (6) of the 1997 Order in so far as it authorises the disposal of controlled waste subject to requirements which continue to bind the licence holder; or

   (b) post closure inspections in respect of the entire site began before the commencement of the financial year immediately preceding the financial year to which the charge relates.

   This table has the following parts

   Part Activity Authorised by Licence

Part A The disposal of Waste other than burning in an incinerator.
Part B The disposal of Waste by burning in an incinerator.

TABLE 3: Part A - THE DISPOSAL OF WASTE OTHER THAN BY BURNING IN AN INCINERATOR

TABLE 4: LICENCE FOR THE DISPOSAL OF CONTROLLED WASTE IN OR ON LAND WHERE POST CLOSURE INSPECTIONS IN RESPECT OF THE ENTIRE SITE HAVE COMMENCED

1. In this table –"Licence" means a Site Licence which authorises the disposal of controlled waste, where in the case of the subsistence charge:

(1) the Licence has been revoked under Article 15(6) of the 1997 Order so far as it authorises the disposal of controlled waste, subject to requirements which continue to bind the licence holder; or

(2) post closure inspections in respect of the entire site began before the commencement of the financial year immediately preceding the financial year to which the charge relates. "amount of waste" in Part A means the aggregate amount in tonnes of waste disposed of at the site under Licence, whether before or after the relevant appointed day for Licences.
