CAUTION – This email has been received from outside the NICS network. If you have any concerns, please report for investigation.

Dear [REDACTED]

No action on your side is needed.

We will take care to add the code in the system and then I will reprocess the file.

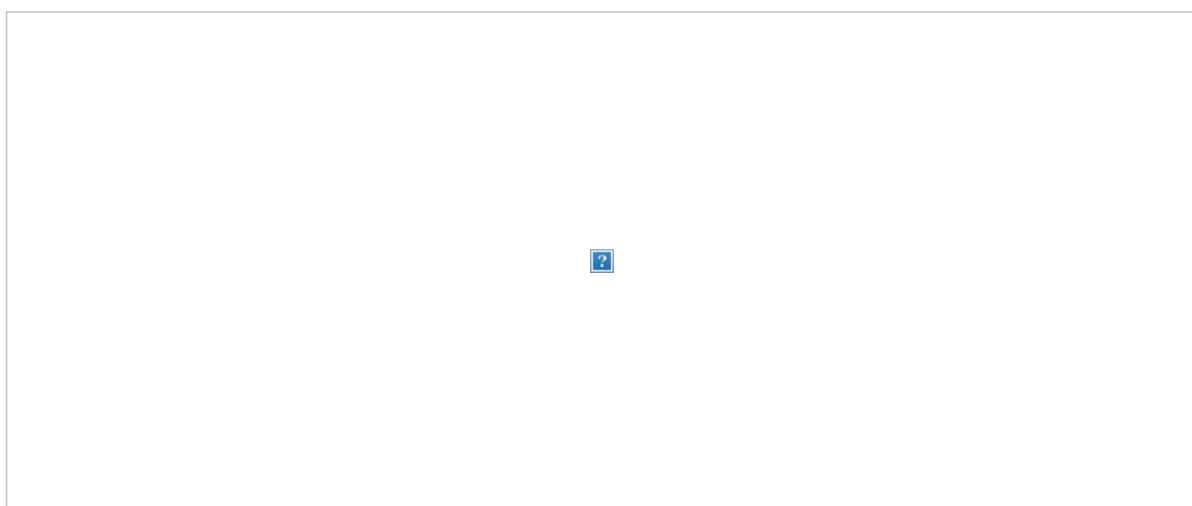

Kind regards,
[REDACTED]

Good Afternoon [REDACTED]

We are having some issues with the DS spreadsheet. We have tried UKN and UKN0 but neither appear to be working? Would you be able to have a look over it and see what needs changed?

Thanks so much

Subject: TB (Bovine) EFSA 2024 return

Good afternoon

Please find attached templates for TB (Bovine) to EFSA. I have also attached a short guidance document – more detailed guidance can be found here:

[Manual for reporting on 2024 zoonoses, zoonotic agents and on some other pathogenic microbiological agents under Directive 2003/99/EC | EFSA](#)

Additionally, EFSA have advised that the templates can be issued with terms already set up and matched so hopefully this will make the returns process easier. Let me know if there are any issues. As soon as the files are returned we will begin upload to the DCF.

Thanks
