Discharge Details

Is the consent type a Waterway or Soakaway/Underground Waterway
Stratum:

Is the discharge proposed or existing: Proposed

Is there an NI Water Ltd foul sewer/private sewer within 20 metres available? No

Is there more than one house on the development: No

Do you have a planning application reference number? No

Proposed Waterway

Will a tertiary treatment (e.g. reedbed) be provided? No

Type of treatment system proposed? Tricel vitar uk6

Is the system certified to BS 12566-3 Yes

Treatment efficiency (if known) % BOD removal 98.1

Dear [REDACTED],

WATER (NORTHERN IRELAND) ORDER 1999 – RE NC 2209/25

I refer to the application which you submitted, on behalf of your client [REDACTED], for consent to discharge sewage effluent from premises at [REDACTED], [REDACTED]

The Water Quality Inspector processing the application has requested additional information detailed in the attached pro-forma.

Accordingly, it is not possible to progress this application any further.

This letter should be taken as notification that this application is now suspended and will only be reinstated if the information requested is received.

Failure to supply the requested information within 84 days from date of this letter will result in the refusal of your application. A new application will then need to be submitted, and appropriate fee will be required.

Under the terms of the Water (Northern Ireland) Order 1999, all effluent or sewage discharges which are not connected to the public sewer, require the consent of the Department. Therefore a consent must be obtained as it is an offence under the Water (Northern Ireland) Order 1999 to discharge any effluent into a waterway (or water contained in underground stratum), without the consent of the Department of the Environment for Northern Ireland, the penalty for which on summary conviction is imprisonment for a term not exceeding 3 months, or a fine not exceeding £20,000, or both.

The additional information should be emailed to domesticconsentsqueries@daera-ni.gov.uk quoting the above reference number.

Sustainability at the heart of a living, working, active landscape valued by everyone.

Yours sincerely,

[Redacted]
