Dear [REDACTED],

Environmental Information Regulation 2004

I can advise that the Department has completed its search and can confirm that it holds some the information you requested.

The information held which will be disclosed is attached to the response email.

Some of the information held constitutes personal data of which you are not the data subject. In these instances, the Department is required to consider if disclosure would breach the first Data Protection Principle, which states that processing must be lawful, fair and transparent.

The Department has considered this element within the test attached at **Appendix A** and has determined that no lawful basis for disclosure under FOI / EIR exists. Please bear in mind that any disclosure must be considered in terms of disclosure to the "world at large" and not just to you, the requester. Consequently, third party personal data falling within the scope of this request has been withheld.

If you are deaf or have a hearing difficulty you can contact the Department via the Next Generation Text Relay Service by dialling 18001 + telephone number.

If after such an internal review you are still unhappy with the response, you have the right to appeal to the Information Commissioner at Wycliffe House, Water Lane, Wilmslow, CHESHIRE SK9 5AF, who will undertake an independent review of the Department's decision.

Yours sincerely,

APPENDIX A

LAWFULNESS, FAIRNESS AND TRANSPARENCY TEST

DAERA/26-324 - Environmental Information Regulations 2004 (EIR)

Request Details:

Dear Northern Ireland Environment Agency,

I write to request information under the Environmental Information Regulations 2004.

This request relates to PPC Permit P0145/06A (Lisbane Landfill, 29 Aughlish Road, Tandragee).

Permit records disclosed by NIEA reference:

- "Permit Determined – 17/07/2009"; and separately
- "Permit Variation Determined P0145/06A/V1 – 07/08/2009".

Please therefore provide:

- 1) A copy of the original PPC Permit P0145/06A as first determined on 17 July 2009, prior to Variation Notice P0145/06A/V1.
- 2) Any associated schedule, introductory note, operating conditions, commencement conditions, pre-operational conditions, engineering requirements or improvement conditions that were issued along with that original permit P0145/06A determination.
- 3) Any record identifying the purpose or effect of Variation Notice P0145/06A/V1 issued on 7 August 2009, including any document explaining what changes were made to the original permit determined on 17 July 2009.

If NIEA contends that the document disclosed as P0145/06A/V1 already represents the complete original permit P0145/06A as first determined, please confirm this explicitly.

If any requested information is not held, please clearly state:

- whether the information previously existed;
- whether it was destroyed or disposed of; and
- whether any disposal/destruction log or retention schedule entry exists relating to it.

Yours faithfully,

Brief description of the Personal Data falling within the scope of the request

The data includes names which would enable the identification of individuals.

LAWFULNESS

Please identify the lawful basis for processing

Personal data is processed when it is lawfully disclosed in response to an FOI / EIR request.

The lawful basis for processing are set out in Article 6 of the GDPR and the ICO expects at least one of two lawful bases (Consent / Legitimate Interest) to apply before the personal data held can be disclosed.

- Consent:** This will apply when the data subject(s) clear consent exists that allows you to disclose the personal data falling within the scope of this request.

- Legitimate interests:** the processing is necessary for the Department's legitimate interests or the legitimate interests of a third party that overrides the data subject(s) rights and freedoms, particularly their right to privacy.

Consideration of Legitimate Interests

1. PURPOSE

As the disclosure of personal data under FOIA or EIR is a disclosure to the world at large, doing so on the strength of a requester's private interests alone could constitute a disproportionate and unwarranted level of interference with the data subject(s) rights and freedoms, particularly their right to privacy and family life under the Human Rights Act 1998.

2. NECESSITY

The right of access under FOI or EIR does not in itself constitute a **pressing social need**.

The Department has considered and not identified any such need for the data subject's right to privacy to be interfered with.

CONCLUSION

Having considered all of the information contained within this test, the Department has established that, on balance, there is no lawful for the disclosure of third party personal data falling within the scope of the request of which the requester is not the data subject.
