Hi [REDACTED]

Thanks for your email

The [REDACTED] (EWC Code 19 09 02) appears to have been declared on WML 30/42 as incoming material which was being processed before being moved on to the Lisbane Landfill Site. To our knowledge, this material was never processed, just moved straight to the Landfill.

Going forward the [REDACTED] should be declared as incoming material to Lisbane Landfill Site (P0145/06A/V7) and the Ark Enviro Return for WML 30/42 will be a Nil Return, until other suitable materials become available for acceptance (see attached return for quarter ended Dec 23).

Also, we will be in touch with Regulation Unit in due course to change the name on the WML from Ark Enviro Ltd to NWP Enviro Ltd.

Let me know if any queries or need anything further.

Kind Regards

[REDACTED]

[REDACTED]  
Tried to call and discuss your request for the last 4 NWP Enviro Ltd (prev Ark Enviro Ltd) quarterly returns

I understand you are a director of NWP Enviro Ltd (NI666235)

I have attached these below but want you to note that:

- The name(s) and phone no.(s) on the front page have been redacted (ORANGE BLANKS)
- If the 190902 sludges from water clarification (from wastes for the for the preparation of water intended from human consumption or water from industrial use) are [REDACTED]
- If waste received under the authorisation is being processed at this authorised site it should be coded R12 onsite
- If waste received under the authorisation is just being stored at this authorised site it should be coded R13 onsite
- If waste removed from the authorisation is going to a site where it is further treated (before its ultimate recovery) it should be coded R12 offsite
- If waste removed from the authorisation is inorganic and is going to a site where it is utilised directly as is (no further treatment) for recovery, it should be coded R05 offsite

Happy to discuss further as necessary

Regards

### WML 30/42 LN/20/24

NWP Enviro Ltd (prev Ark Enviro Ltd)  
adj Lisbane Quarry  
29 Auglish Road  
Tandragee  
Armagh

Dear Sir / Madam,

The Quarterly Waste Return for the above site for the period 1<sup>st</sup> January to 31<sup>st</sup> March 2024 is due to be returned by the end of April 2024. If you have already submitted this return and believe that you have received this reminder in error, then please contact us using the details at the end of this message.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

#### Notes:

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data

crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.

3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions, and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

Dear Sir / Madam,

The Quarterly Waste Return for the above site, for the period 1<sup>st</sup> July to 30<sup>th</sup> September 2025, is due to be returned by the end of October 2025. If you have already submitted the return for this period, then please ignore this reminder.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

#### Notes:

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data

crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.

3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

Dear Sir / Madam,

The Quarterly Waste Return for the above site for the period 1<sup>st</sup> January to 31<sup>st</sup> March 2023 is due to be returned by the end of April 2023. If you have already submitted this return and believe that you have received this reminder in error, then please contact us using the details at the end of this message.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

We are aware that covid-19 containment measures might make it difficult for you to submit your quarterly waste return within the usual 1-month window, i.e. by the end of April. If you are delayed for this reason,

please reply by email ([waste.returns@daera-ni.gov.uk](mailto:waste.returns@daera-ni.gov.uk)) giving us a short summary of the general circumstances for the delay and these will be treated with understanding and consideration.

**Notes:**

1. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.
2. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data on the revised form (see links above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions and permits, however if you have any queries about the list then please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data

crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.

3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions, and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

### WPPC 03/07 P0479/15A/V3

Natural World Products Ltd (NWP)  
55 Cargaclougher Road (Composting Facility)  
Keady  
Armagh

Dear Sir / Madam,

The Quarterly Waste Return for the above site for the period 1<sup>st</sup> July to 30<sup>h</sup> September 2024 is due to be returned by the end of October 2024. If you have already submitted this return and believe that you have received this reminder in error, then please contact us using the details at the end of this message.

A revised returns form should be downloaded from the DAERA website at: [//www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

#### Notes:

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data

crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.

3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions, and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

Morning [REDACTED]

I have found the issue and it occurs when I create the returns, as when I create a new declaration for a site, sometime the prior declaration information is not cleared down.

[REDACTED]

Please find attached a revised return relating to WPPC 12/06.

I trust the attached and above explanation is in order.

Please let me know if you require any further information.

Kind regards

**CAUTION:** This email originated from outside RiverRidge. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi [REDACTED]

We have been reviewing the Quarterly Waste Returns for WPPC 12/06 and have noted that EWC 200306 was used in the Jan-Mar 2023 return [REDACTED]. This EWC is not on the permit and should not be used. Could this be a typo i.e. 200307? Please let me know and I can update it from my end.

Regards,

Portadown  
Craigavon

Dear Sir / Madam,

The Quarterly Waste Return for the above site for the period 1<sup>st</sup> April to 30<sup>th</sup> June 2023 is due to be returned by the end of July 2023. If you have already submitted this return and believe that you have received this reminder in error, then please contact us using the details at the end of this message.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

**Notes:**

1. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.
2. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data on the revised form (see links above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

Dear Sir / Madam,

The Quarterly Waste Return for the above site for the period 1<sup>st</sup> January to 31<sup>st</sup> March 2024 is due to be returned by the end of April 2024. If you have already submitted this return and believe that you have received this reminder in error, then please contact us using the details at the end of this message.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

**Notes:**

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.

3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions, and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

Craigavon

Dear Sir / Madam,

The Quarterly Waste Return for the above site for the period 1<sup>st</sup> April to 30<sup>th</sup> June 2024 is due to be returned by the end of July 2024. If you have already submitted this return and believe that you have received this reminder in error, then please contact us using the details at the end of this message.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

**Notes:**

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.
3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions, and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,

Dear Sir / Madam,

The Quarterly Waste Return for the above site, for the period 1<sup>st</sup> October to 31<sup>st</sup> December 2024, is due to be returned by the end of January 2025. If you have already submitted this return, please ignore this reminder.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

#### Notes:

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data

crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.

3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

### WPPC 12/06 P0489/15A

River Ridge Recycling (Portadown) Ltd  
91 Moy Road  
Portadown  
Craigavon  
Co Armagh

Dear Sir / Madam,

The Quarterly Waste Return for the above site, for the period 1<sup>st</sup> October to 31<sup>st</sup> December 2025, is due to be returned by the end of January 2026. If you have already submitted the return for this period, then please ignore this reminder.

A revised returns form should be downloaded from the DAERA website at: [www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance](http://www.daera-ni.gov.uk/publications/waste-summary-returns-form-and-guidance)

Guidance on how to complete the form and the associated coding can also be found at the link above.

Notes:

1. Please note updated postal address below.
2. Where waste is being exported from Northern Ireland, please ensure that the destination entered in your return reflects the location of the receiving waste facility. We have noted during data crosschecks that in some cases the destination has been incorrectly recorded in returns as the location of the broker rather than the destination facility.
3. From 1st July 2014 an additional reporting requirement has been added to the 'Waste Removed from Site' sheet of the Quarterly Waste Return. If you produce a product from waste, you should now record this tonnage in your return. Materials which were previously waste but now meet a product specification should be coded with a 6-digit product code beginning 99 – please see the revised guidance for more information before submitting such data (see link above).

The Authorisation Reference Number drop down list has been updated to include new licences, exemptions and permits, however if you have any queries about the list, please contact us.

Please remember that this Microsoft Excel form needs to be returned by e-mail as an attached Excel file rather than posted. If this is not possible for your site, please contact us to discuss.

If you have any questions or queries, please do not hesitate to get in touch.

Yours sincerely,
