Data fields required (per quarter, per site)

For each quarter and for each permit/licence listed above, please provide the following information, separated into waste accepted at the site (IN) and waste removed/exported from the site (OUT):

- The six-digit European Waste Catalogue (EWC) code for each waste stream;
- A detailed description of the waste corresponding to each EWC code (as recorded by the operator on returns submitted to NIEA);
- The tonnage (in tonnes) accepted onto site (IN) for that EWC code in the quarter;
- The tonnage (in tonnes) removed from site (OUT) for that EWC code in the quarter;
- The applicable recovery (R) code or disposal (D) code for each waste stream, as set out in Annex I and Annex II of the Waste Framework Directive (2008/98/EC);
- The destination / receiving site (where recorded) for any waste leaving the site, including the receiving site's permit / licence reference where available.

I can advise that the Department has completed its search and can confirm that it holds some of the information you requested.

In regard to your

- Second bullet, the summary quarterly returns do not contain a description of the waste corresponding to each EWC code (i.e. the operator does not and is not required to record such information). Consequently, under Regulation 12(4)(a) the Department is excepted from the duty to disclose this information on the grounds that the information sought is not held. However, in order to help distinguish these codes, a short 'standard' description for each one is listed in each row of the attached (DAERA 26-354 data).csv file as was done for DAERA/25-223, DAERA/25-281 and DAERA/25-316
- Last bullet, we do not hold this information in respect of the summary quarterly returns as has already been stated in the DAERA/25-223 response and we note the repetitive nature of this request. Consequently, under Regulation 12(4)(a) the Department is excepted from the duty to disclose this information on the grounds that the information sought is not held.

The remaining requested information held is attached in the accompanying (DAERA 26-354 data).csv file.

If you require any clarification, believe that any part of your request has been overlooked, misunderstood or misinterpreted, please contact me in the first instance to see if it is a matter that can be resolved.

If you are unhappy with the way your request for information has been handled or the decision to release/withhold information, you have the right to request a formal review by the Department. If you wish to do so, please contact The Review Section

If you are deaf or have a hearing difficulty you can contact the Department via the Next Generation Text Relay Service by dialling 18001 + telephone number.

either by e-mailing [daera.informationmanager@daera-ni.gov.uk](mailto:daera.informationmanager@daera-ni.gov.uk) or by post at The Department of Agriculture, Environment and Rural Affairs, Data Protection & Information Management Branch, Floor 2, Jubilee House, 111 Ballykelly Road, Ballykelly, Limavady BT49 9HP, within two months from the date of this letter.

If after such an internal review you are still unhappy with the response, you have the right to appeal to the Information Commissioner at Wycliffe House, Water Lane, Wilmslow, CHESHIRE SK9 5AF, who will undertake an independent review of the Department's decision.

Yours sincerely,
