In accordance with Regulation 22 of the Marine Works (EIA) Regulations 2007 (as amended), DAERA has, on 2nd June 2026, **determined to grant an EIA Consent** for the above proposal, subject to conditions set out in the associated marine licences.

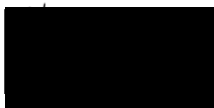

The Department will now proceed to determine the marine licences for this proposal, but please note that the licences cannot be issued until written confirmation has been provided that the EIA Consent Decision has been published, including the date of publication.

Under Regulation 23 (3)(a)(ii), upon issue of this EIA Consent Decision, DAERA must, as soon as possible after written confirmation is sent to the applicant, ensure notice of the decision is published in those newspapers or other publications where the application was published under Regulation 16(1)(b)(i).

The rationale and notice of the decision will be made publicly available on the DAERA Marine Licensing Public Register as per Regulation 23 (3)(a)(i).
