Dear Sirs,

Re: **Advisement Letter #1622 FD**  
**Advisement Letter #1623 FD**  
**Our Client: Raymond Mairs**

We write to confirm that we act for Mr Mairs in respect of the above matter.

We refer to your two pieces of correspondence dated 13 May 2026, the contents of which concern advisements to our client following an inspection carried out on 19 April 2026 at Crumlin River, Glen Oak Hydro.

We would be much obliged if we could be furnished with copies of all reports, findings, assessments, and any other documentation produced as a result of or in connection with those inspections, at your earliest convenience.

We require the inspection reports and all associated findings in order to take further and full instructions from our client in order to progress this matter appropriately. Therefore, we would be grateful if you could confirm an estimated timeframe as to when we will be furnished with the requested documentation.

We trust that you will cooperate fully with this request so that the matter may proceed efficiently and without unnecessary delay or expense.

Yours sincerely,

**Michael Murphy for MKB**
