[illegible]

- I understand that approval of the movement request is subject to a satisfactory inspection and veterinary risk assessment by DAERA. There is no cost associated with this inspection.
- I understand **only** animals up to 60 days of age are permitted to move into an ACH – CRU.
- I understand that any animal aged between 42 and 60 days at the time of movement, requires a clear private TB pre-movement test completed within the previous 30 days of the date of movement, for which I am responsible in respect of any cost associated with this requirement.
- I understand that each Animal Group Number must submit a separate application, e.g. associated herd (if applicable).
