On the *Waste Received Onsite* tab:

There is an entry for **EW C 161106** – linings and refractories from non-metallurgical processes other than those mentioned in 16 11 05. Could you please confirm whether this entry is accurate?

On the *Waste Removed from Site* tab:

Hi [REDACTED]

Happy Friday.

I am more than a little embarrassed to confirm that the return should, of course, be for April–June 2026.

I have few enough positive traits as it is, and apparently the ability to see into the future is definitely not one of them.

I have made the amendment to it and return it... again.

Thank you for your continued patience, it is genuinely appreciated.

Kind regards,

[REDACTED]

Can I confirm with you which quarter this quarterly waste return is for as the date selected within the form is **July – September 26**. Could you please update this quarterly waste return to the correct quarter (**Apr – Jun 26**) and resend to us.

Alternatively, you can confirm the correct period in a reply to this email, and I can amend the form on our end.
