28 September 2026

Dear [REDACTED]

Environmental Information Regulation 2004

I refer to your request for information received by the Department on 08 September 2026 that sought the following information:

Information regarding Re-Gen Waste, Warrenpoint Port: Carlingford Lough water monitoring.

I can advise that the Department has completed its search and can confirm that it holds some of the information you requested.

Water quality monitoring data is attached at Annex A this includes cypermethrin monitoring results.

Regarding the request for any environmental assessments of insecticide, biocide or deodorising product use at the re-gen facility no information is held.

If you are deaf or have a hearing difficulty you can contact the Department via the Next Generation Text Relay Service by dialling 18001 + telephone number.

Information relating to the condition of WML 22/59 are available through the public register [Waste Management Licensing Public Register](#)

If you require any clarification, believe that any part of your request has been overlooked, misunderstood or misinterpreted, please contact me in the first instance to see if it is a matter that can be resolved.

If you are unhappy with the manner in which your request for information has been handled or the decision to release/withhold information, you have the right to request a formal review by the Department. If you wish to do so, please contact The Review Section either by e-mailing daera.informationmanager@daera-ni.gov.uk or by post at The Department of Agriculture, Environment and Rural Affairs, Data Protection & Information Management Branch, Floor 2, Jubilee House, 111 Ballykelly Road, Ballykelly, Limavady BT49 9HP, within two months from the date of this letter.

If after such an internal review you are still unhappy with the response, you have the right to appeal to the Information Commissioner at Wycliffe House, Water Lane, Wilmslow, CHESHIRE SK9 5AF, who will undertake an independent review of the Department's decision.

Yours sincerely,

Freshwater Data Insights
