

Information relating to the CHP statistics for Northern Ireland held by IPRI

Name of CHP Installation/ Scheme	Permit No.	Town/city or Post Code	Individual electrical generation capacity	CHP technology/prime mover	Industry/ sector	CHPQA reference (or other Identifier)
Strathroy Dairy CHP	P0556/17A	BT79 7JD	two (2) x 0.653MW thermal input CHPs	Anaerobic Digester (AD) biogas engine.	Food and Drink	Unknown - would have to confirm with Operator
Contour Global.	P0303/09A	BT28 2SU	5 Engines x 3MW = 15MWe from a capacity of 39.5MW thermal input. But only generating on one at a time.	Natural Gas Spark Engine.	Combustion activities	Unknown - would have to confirm with Operator
Bombardier Aerospace	P0135/05A	BT03 9DZ	Warsilla Engine 12.86MW thermal input for 1.81MWe. FM Generator 1.47MW thermal input, BTS Generator 1.47MW thermal input	Diesel	Surface Treatment.	Unknown - would have to confirm with Operator
Bombardier Aerospace	P0135/05A	BT03 9DZ	Jenbacher CHP engine 4.2MW thermal input	Natural Gas engine.	Surface Treatment.	Unknown - would have to confirm with Operator
Springfarm Architectural Mouldings (SAM)	P0322/09A	BT41 2RU	2 X 2.2WM thermal input boilers, 1 X 5MW thermal input boiler	Wood waste boiler	Timber activities and Incineration of Waste	Unknown - would have to confirm with Operator
Tyrone Energy Ltd	P0374/11A	BT82 0HA	2.7MWe	Waste wood co-incineration plant; steam turbine	Waste wood energy recovery / electricity generation	Unknown - would have to confirm with Operator
Evermore Renewable Energy	P0387/12A	BT47 6FL	17.6MWe	Biomass combustion plant; steam turbine	Generation / waster wood co-incineration	Unknown - would have to confirm with Operator
Ryobi Aluminium Castings (UK) Ltd	P0058/04	BT38 8YF	No information held (records identify a 2.9 MWth gas turbine, but do not specify electrical generating capacity).	Natural gas-fired CHP unit; gas turbine	Aluminium casting / automotive manufacturing	Unknown - would have to confirm with Operator
