Hi [REDACTED]

Thanks for sending through this information. As discussed, in order to comment on the proposed culverting I would require a map showing the location and extent of the proposed culvert and an indication of the design of such. Once I receive these I will conduct a site visit and provide a response.

Thanks,

Proposed improvements to agricultural land adjacent to [REDACTED]

Location :

Proposal : Improvements to agricultural land involving removal of field boundary hedgerows, culverting of existing undesignated watercourse and localised raising of ground levels.

Purpose : to increase effective area of agricultural land and improve safety of farming operations by connecting fields 1 and 2 and fields 3 and 4 through the filling and shaping of low lying areas along field boundary A-B.

Proposed work :

- Removal of approx. 250m of existing field boundary hedgerow
- Culverting of 250m of existing watercourse with 900mm diam. pipeline and manholes
- Removal and storage of topsoil for re-use
- Re-soiling of surface to facilitate farming activities
