## FISHERIES ACT (NORTHERN IRELAND) 1966

### FISH CULTURE LICENCE

The Department of Agriculture and Rural Development (hereinafter called "the Department") in exercise of its powers under Section 11 of the Fisheries Act (Northern Ireland) 1966, as amended, (hereinafter called "the Act") and subject to the conditions contained in the Schedule hereto, hereby authorises Dawnfresh Farming Ltd, [REDACTED] (hereinafter called "the Licence Holders") to operate a fish farm (hereinafter called "the Fish Farm") at [REDACTED] (co-ordinates in degrees decimal minutes [REDACTED] plotted in datum WGS84) and in connection therewith in relation to the culture of fish:

- (a) To purchase and have in possession Rainbow Trout (*Oncorhynchus mykiss*) including the ova and fry thereof, providing that any movement of fish to or from the farm has prior written authorisation from the Department;
- (b) To capture and have in possession within the confines of the fish farm Rainbow Trout (*Oncorhynchus mykiss*) and the ova and fry thereof;
- (c) To have in possession live Rainbow Trout (*Oncorhynchus mykiss*) and their ova or fry from the fish farm at any time of the year providing that any movement of live fish has prior written authorisation from the Department;
- (d) To have in possession and to use any equipment necessary within the confines of the fish farm for the capture of the species referred to in paragraph (b) above;
- (e) To offer for sale dead Rainbow Trout (*Oncorhynchus mykiss*) from the fish farm for human consumption;
- (f) To offer for sale live Rainbow Trout (*Oncorhynchus mykiss*) and their ova or fry from the fish farm.

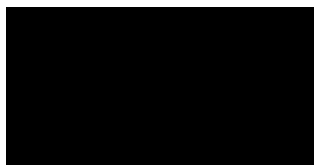

### THE SCHEDULE

#### Conditions of the Licence

1. This Fish Culture Licence was originally granted on 22 January 2010 and is amended from (date) to change the name of the Licensee from [REDACTED] Trout Farm Ltd., [REDACTED] to Dawnfresh Farming Ltd, [REDACTED] The Department has also amended the conditions of this licence under Section 11 (c) (1) of the Fisheries Act (Northern Ireland) 1966 and has included Informatives.

2. Where an approval is required under the Animal Health Law (AHL) Regulation (EU) 2016/429 in respect of the Fish Farm, this licence is only valid where a valid approval is in place.
3. The Licence Holder shall comply with the conditions of any authorisation issued under the Aquatic Animal Health Regulations (Northern Ireland) 2009 in respect of the Fish Farm.
4. The Licence Holder shall only breed or handle Rainbow Trout (*Oncorhynchus mykiss*) at the fish farm.
5. The Licence Holder must obtain prior written authorisation from the Department for any movements of Rainbow Trout (*Oncorhynchus mykiss*) including the ova and fry thereof, to or from the fish farm. The Department must be given at least 48 hours prior notice to process such authorisations.
6. The fish farm shall be open to inspection at all reasonable times by an Officer of the Department to exercise the powers conferred by section 178 of the Act.
7. The Licence Holder shall where appropriate, comply with section 59 of the Act and provide and maintain such structures as the Department may direct in writing in order to prevent escapement of any farmed fish from or entry of wild fish into the fish farm. In the event of escapement from the fish farm, the Licence Holder shall notify the Department of the escape as soon as is practicable and keep records of all escapees.
8. The Licence Holder shall only feed the fish with prepared pellets. Any other food used for the feeding of fish must have prior written approval from the Department.
9. The Licence Holder shall maintain such records in such form and manner as directed by the Department in writing, which shall include records of employment and of all inputs to and sales from the fish farm. Such information shall be provided to the Department on request.
10. The Licence Holder shall give the Department notification in writing of any proposal or intention to transfer to any other person any right or privilege granted by this licence and shall provide written evidence that the proposed transferee has agreed to the transfer of the licence and that they will operate the fish farm in accordance with the terms and conditions under which the licence was granted.

**Dated this 06 day of January 2025**  
**Signed on behalf of the Department.**

---

**DIRECTOR OF MARINE AND FISHERIES DIVISION**

### **Informatives:**

1. This Licence may be amended in accordance with the Provisions of Section 11C (1), (2) and (3) of the Act or suspended or revoked as provided in Section 11C (4) in Schedule 1 of the Act.
2. This Licence is not a document of title.
3. If any person -
  - (a) operates a fish farm with respect to which a fish culture licence is not for the time being in force; or
  - (b) operates a fish farm with respect to which such a licence is in force, otherwise than in accordance with any conditions attached to the licence,He shall be guilty of an offence.
4. This licence is only valid where, if required, a valid consent to discharge effluent granted by the Northern Ireland Environment Agency under the Water (Northern Ireland) Order 1999 remains in place.
5. The Department may revoke this licence if for any reason the Licence Holder shall cease to operate the fish farm.

Dear [REDACTED]

### Notification of Aquaculture Establishment Approval under Regulation (EU) 2016/429

Thank you for your application of 27 June 2024, in which you have sought approval for an aquaculture establishment at [REDACTED].

Following consideration of your application and the Department's inspection of the establishment on 06 March 2024, the Department has granted approval of this establishment, with effect from the date of the attached approval (**Annex A**), in accordance with Article 181(1) of Regulation (EU) 2016/429<sup>1</sup>. Approval Number [REDACTED] has been allocated to this establishment.

The approved establishment comprises the area and facilities at the address and/or site coordinates which was inspected by the Department on 06 March 2024, as outlined in the approval attached.

As the operator of an approved aquaculture establishment, you are required to comply with the provisions of Regulation (EU) 2016/429 and any Delegated and Implementing Regulations under that Regulation<sup>2</sup>.

<sup>1</sup> [Regulation \(EU\) 2016/429 on transmissible animal diseases and amending and repealing certain acts in the area of animal health \('The Animal Health Law'\)](#)

<sup>2</sup> [Delegated and Implementing Regulations under Regulation \(EU\) 2016/429](#)

***Sustainability at the heart of a living, working, active landscape valued by everyone.***

If you are deaf or have a hearing difficulty you can contact the Department via the Next Generation Text Relay Service by dialling 18001 + telephone number.

In accordance with Regulation (EU) 2017/625<sup>3</sup>, the Department will undertake official controls, to verify compliance with Regulation (EU) 2016/429 at the aquaculture establishment. Approved aquaculture establishments are required to participate in risk-based surveillance under Article 6(1) of Commission Delegated Regulation (EU) 2020/691<sup>4</sup> which is conducted by the Department in accordance with Article 26 of Regulation (EU) 2016/429.

In accordance with Article 180 of Regulation (EU) 2016/429, the Department must be informed in advance of cessation of activity at the establishment and any changes to the establishment from that provided to the Department to gain approval.

You must immediately notify the Department where there are reasons to suspect the presence of any listed disease, or where the presence of such a disease is detected. You must notify a veterinarian of abnormal mortalities and other signs of disease or significant decreased production rates with an undetermined cause, for further investigation, including laboratory examination, if required.

Approved aquaculture establishments are required to keep and maintain records under Article 186 of Regulation (EU) 2016/429 and Article 23 of Commission Delegated Regulation (EU) 2020/691. This includes, but is not restricted to, the following records: species, categories, and quantities of aquaculture animals on the establishment, movements, health certification, mortalities and disease problems, biosecurity measures, surveillance, treatments and test results, results of animal health visits, and transporter records. Records must be retained for a period of at least three years.

In accordance with Article 10 of Regulation (EU) 2016/429, you are required to implement, where necessary, quarantine, isolation and other biosecurity measures.

The Department will keep this approval under review and must, in certain circumstances, initiate procedures to withdraw or suspend approval in accordance with Article 184 of Regulation (EU) 2016/429.

If you require any further information on the details contained in this letter, or the approval document, please contact [fish.health@daera-ni.gov.uk](mailto:fish.health@daera-ni.gov.uk).

Yours sincerely

**- DIRECTOR OF MARINE AND FISHERIES DIVISION**

<sup>3</sup> [Regulation \(EU\) 2017/625 of the European Parliament and of the Council of 15 March 2017 on official controls and other official activities performed to ensure the application of food and feed law, rules on animal health and welfare, plant health and plant protection products](#)

<sup>4</sup> [Commission Delegated Regulation \(EU\) 2020/691 of 30 January 2020 supplementing Regulation \(EU\) 2016/429 of the European Parliament and of the Council as regards rules for aquaculture establishments and transporters of aquatic animals](#)

*Sustainability at the heart of a living, working, active landscape valued by everyone.*

---

Dear technical panel,

Please see attached new applications for your consideration.

There are 2 separate applications that have been received from [REDACTED] of Mowi Scotland Ltd. One for an amendment to his FCL and another for a change to his AHL approval.

To note this is change of Business Name from Dawnfresh Farming Ltd to Mowi Scotland Ltd .

Could the panel consider these applications and advise how you wish to proceed.

The application tracker is also attached for reference. (The tracker itself still needs some work and would probably benefit from closer alignment to the ML tracker for consistency.)

I have enclosed a copy of the recent Approval and Fish Culture Licence also.

Many thanks,

### **Section 3**

#### **AMENDMENT TO LICENSED AREA**

9. Do you wish to amend the defined Licensed Area? (Please tick as appropriate).

YES ☐ NO ☒

If YES please provide details of the existing and proposed co-ordinates defining the Licensed Area.

**Please note all co-ordinates must be in the WGS84 format.**

| Point | Existing |           | Proposed |           |
|-------|----------|-----------|----------|-----------|
|       | Latitude | Longitude | Latitude | Longitude |
| 1     |          |           |          |           |
| 2     |          |           |          |           |
| 3     |          |           |          |           |
| 4     |          |           |          |           |
| 5     |          |           |          |           |
| 6     |          |           |          |           |
| 7     |          |           |          |           |
| 8     |          |           |          |           |
| 9     |          |           |          |           |
| 10    |          |           |          |           |

10. Please provide copies of the relevant confirmation (listed below) as part of this application (Please tick as appropriate):

Confirmation of ownership or lease of the site, ☐ or;

Letters of intent of sale or lease from owner, ☐ or; for marine sites;

A copy of the lease or consent in principle from the Crown Estate Commissioners, or other owner of the seabed. ☐

**Section 4**  
**ADDITION OF SPECIES**

11. For each NEW species of fish you intend to cultivate, please specify:  
(Please use a continuation sheet for each additional species – Annex 1)

a) Name of species:

| Common Name | Scientific Name |
|-------------|-----------------|
|             |                 |

b) Life Stages (please tick as appropriate)

| Egg / Larval | Juveniles | Adult | Breeding |
|--------------|-----------|-------|----------|
|              |           |       |          |

c) Details of Cultivation Method (open, closed, flow through, recirculation, caged, tank, pond):

d) Estimated annual production (tonnes) for each species:

e) Give details of proposed source(s) of fish to be introduced to the farm:

f) Will the addition of the species require construction of new facilities or major changes to existing facilities? (Please tick as appropriate).

**YES** ☐

**NO** ☐

If YES, please provide details below. This should include when you intend to start construction work, or install equipment, on the site (include month and year).

g) Is the proposed species indigenous to the region? (Please tick as appropriate).

**YES** ☐ **NO** ☐

If NO, please provide details of any relevant existing containment / bio security measures and any planned changes.

**Section 5**  
**REMOVAL OF SPECIES**

12. For each species of fish you intend to remove, please specify:  
(Please use a continuation sheet for each additional species – Annex 2).

a) Name of species:

| Common Name | Scientific Name |
|-------------|-----------------|
|             |                 |

b) Reason for removal

|  |
|--|
|  |
|--|

**Section 6**  
**CHANGE OF LICENSEE**

13. Reason for Change:

14. Name(s) of new Licensee(s):

Mowi Scotland Ltd.

Business address  
(Including Post Code):

Home address  
(Including Post Code):

As above.

Telephone No:

Mobile No:

Environment@mowi.com

## DATA PROTECTION AND FREEDOM OF INFORMATION ISSUES

15. The Department takes data protection, freedom of information and environmental information issues seriously. It takes care to ensure that any personal information received from you, is dealt with in a way which complies with the requirements of the Data Protection Act 2018 and the General Data Protection Regulation (2016). This means that any personal information you supply will be processed principally for the purpose for which it has been provided.

However, the Department is under a duty to protect the public funds it administers, and to this end may use the information you have provided for this purpose. It may also share this information with other bodies responsible for the audit or administration of public funds, or with law enforcement agencies in order to prevent and detect crime.

In addition, the Department may also use it for other legitimate purposes in line with the General Data Protection Regulations 2016, Freedom of Information Act 2000 and Environmental Information Regulations 2004.

These include:

- administration of the Common Fisheries Policy
- the production and safety of food
- management of land and other environmental controls
- animal health and welfare
- statutory schemes and obligations in the areas of plant health and crop certification
- occupational health and welfare
- regulatory and natural resources policy
- environmental policy
- legislation relating to the Northern Ireland Environmental Agency
- the prevention and detection of fraud or maladministration
- compilation of statistics
- disclosure to other organisations when required by law to do so
- disclosure under the Freedom of Information Act 2000 or the Environmental Information Regulations 2004 where such disclosure is in the public interest
- administration of UK wide schemes on behalf of the Department for the Environment, Food and Rural Affairs in Great Britain
- business development and knowledge advisory service for farmers, growers and food processors
- for corresponding with you in connection with the above activities

However, notwithstanding the above, if you have any objections to the disclosure of any information contained in or accompanying your application, please indicate the information you do not wish to be disclosed, giving your general reasons.

## DECLARATION

16. I hereby –

(a) apply for –

(i) an amendment to my fish culture licence

(b) declare that:-

(i) the details provided in this application are correct to the best of my knowledge;

(ii) if the Department is minded to amend the licence(s), and the amendment(s) I am proposing are regarded by the Department as substantial, I understand that the Department will undertake the necessary assessments and embark on a public consultation exercise which will involve placing a notice of my proposed amendment(s) in at least 2 newspapers circulating in the area of the Fish Farm. I accept that I will be required to reimburse the Department for the cost of the notices;

(iii) I have no objections to the disclosure of any information contained in or accompanying this application. Where I do have any objections these are specified at 15 above;

(iv) I understand that I may be required to provide further information; and

(v) I understand that the licence(s) may be granted, refused, or granted subject to conditions, either with or without the holding of a local public inquiry by the Water Appeals Commission for Northern Ireland to consider objections to this application.

18. I have read the [DAERA Privacy Statement](#) and agree that DAERA may process my data for the purpose for which it has been provided.

Signature:

Date:
