Licence No: AI 150/GL/1/2025

General Licence – Movement of samples for salmonella testing and any other samples for testing from premises in a Protection Zone or Surveillance Zone

The Department of Agriculture, Environment and Rural Affairs ("the Department"), in accordance with the above legislation hereby authorise the following movement type

Movement of samples for *Salmonella* testing and any other samples from premises within the Protection Zone or Surveillance Zone to a laboratory approved for testing in chickens and turkeys under the National Control Programmes or other disease surveillance programmes.

subject to the following conditions

Conditions applying to all movements covered by this licence

Notes

- All samples must be packed in accordance with the Carriage of Dangerous Goods Regulations and ADR to meet UN3373 – P650 packaging requirements. Each package should be marked with "BIOLOGICAL SUBSTANCE CATEGORY B". This must be in at least 6mm high letters and placed adjacent to the diamond UN3373 label.
- Failure to observe the conditions required in this licence is an offence under the Diseases of Animals (Northern Ireland) Order 1981.
- Contact your local DAERA Direct Office for further advice on biosecurity measures and any other legislation that may apply.
- The sampler must apply strict biosecurity procedures when entering and leaving any premises for the purpose of collection of the samples to which this licence applies.

This licence is effective from

Date	Day	Month	Year
	18	November	2026

and shall remain valid until further notice or unless amended, suspended or revoked by the Department.
