Licence No: HPAI 240/GL/MPS/03/2025

General Licence for the movement of Poultry to slaughter from a premises in a Free Area (FA) to a designated slaughterhouse in a Protection Zone (PZ)* or Surveillance Zone (SZ)**

I, the undersigned, being an inspector for the Department of Agriculture, Environment and Rural Affairs ("the Department"), authorise the movement of live poultry from the Free Area (FA) to a premises in the Protection Zone (PZ) or Surveillance zone (SZ) subject to the following conditions

Conditions applying to all movements covered by this licence

1. Poultry may be moved under this licence provided that all poultry at the source premises, including the poultry to be moved, have been inspected by the flock keeper within 24 hours of the proposed move and show no clinical signs, changes in production performance or mortality that could be associated with Avian Influenza.

2. The move must be direct to the premises of destination.

3. Record keeping systems must be in place to ensure that all movements of poultry can be traced from the premises of origin to the premises of destination. The record must include name and address of premises of destination, quantity and identity (i.e. flock number) of poultry moved, date and time of movement, full contact details in relation to movement including vehicle registration, etc

4. Before entering or leaving premises of origin of poultry, the vehicle's wheels and wheel arches must be cleansed and disinfected. The cleansing and disinfection after loading must take place at a point beyond which no contamination with poultry feathers, faeces, litter, egg shell or similar matter can take place.

5. After unloading at the premises of destination the parts of the vehicle used to transport anything which might be contaminated with mud, faeces, manure, feathers or any other similar matter must be cleansed and disinfected as soon as practicable and before entering any premises on which poultry are kept.

6. Cleansing and disinfection must be in accordance with article 66(5) of the Avian Influenza and Influenza of Avian Origin in Mammals Regulations (Northern Ireland) 2007.

7. All persons to whom this licence applies shall:
   - Not enter or leave premises wearing clothing or footwear which is visibly soiled with mud, animal or bird faeces or any similar matter;
   - Cleanse and disinfect their footwear on leaving premises within the Zone; and
   - Take all other reasonable precautions to avoid the transfer of contamination between premises.

This licence is effective from
