Ferry Booking guidance for Commercial & Non- Commercial Pet Travel from GB to NI

Commercial pet travel (see map below to identify) should be booked via Freight booking rather than the Passenger booking as the commercial movement must be declared by ferry operators to the Competent Authority of entry into the EU. If the movement is defined as a non-commercial movement, then the Ferry booking can be progressed as a passenger booking rather than a freight booking.

Please Contact your Ferry Operator should you require any further Information or guidance on this process. Details of ferry operators can be found by clicking this link <u>Ferry services | nidirect</u>.

Failure to declare the commercial movement may result in the animal(s) being detained and/or reexported.

Further guidance on additional movement requirements can be accessed via the resources below.

Dogs, Cats & Ferrets

<u>Guidance on bringing commercial transports of Dogs, Cats and Ferrets to NI from</u> <u>GB | Department of Agriculture, Environment and Rural Affairs (daera-ni.gov.uk)</u>

<u>Travelling with Pets | Department of Agriculture, Environment and Rural Affairs</u> (daera-ni.gov.uk)

Reptiles, Amphibians & Invertebrates

Imports of reptiles, tortoises, snakes and insects | Department of Agriculture, Environment and Rural Affairs (daera-ni.gov.uk)

Rodents

<u>Travelling with Pets | Department of Agriculture, Environment and Rural Affairs</u> (daera-ni.gov.uk)

Captive Birds

Commercial Imports of Captive Birds are currently not permitted as NI does not have an approved quarantine facility. These Birds must be imported through another EU member state which does have quarantine facilities.

5 or less pet birds accompanying their owner can continue to be imported as a noncommercial movement. Please see this link <u>here</u> for guidance.
