

Welcome to the Carlingford and Mourne CSG Newsletter. We hope this newsletter helps to develop involvement at a local level as we implement River Basin Management Plans in Local Management Areas throughout the Carlingford and Mourne CSG area. If you have any comments please contact your Catchment Management Officer or use the feedback link.

## Your Catchment Management Officer

The Catchment Management Officer for your area is Wendy Craig.  
Tel: 02892 623168

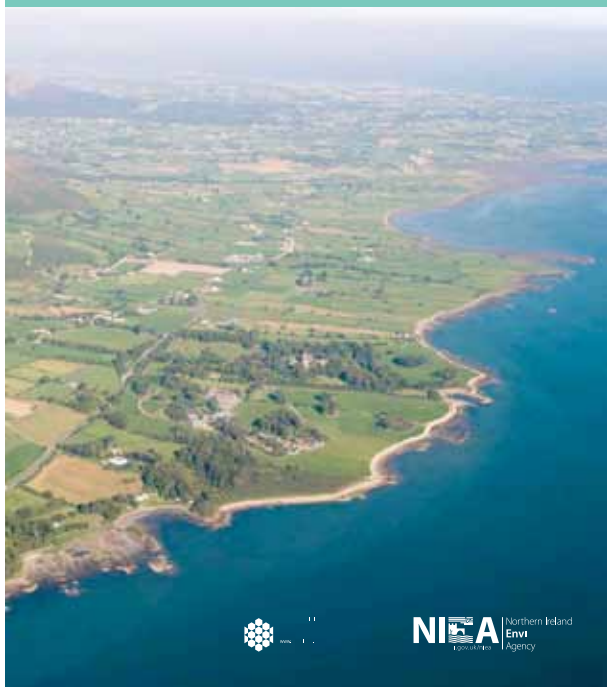

I joined the NICS in 1992 and started my career in the Marine Estuarine Sciences Team. In 1999 I moved to the Freshwater Biology Team in which I carried out Invertebrate and River Plant analysis to help determine the biological quality of rivers. I worked there until 2006 before taking a career break to raise my children for 6 years. I have recently returned as a Catchment Management Officer and am looking forward to my new role and developing good partnerships with Stakeholders in the Carlingford and Mourne Area.

## LMA Action Plans Published

The Carlingford and Newry LMA Action Plan was published on 29th March 2012. This is one of nine LMA Action Plans that have been produced this year in accordance with the planned implementation of River Basin Management Plans in the period 2010 to 2015. NIEA wish to thank all who contributed to the development of the Plans.
